INTRODUCTION

The Ensley Merchant Association is a group of committed business owners who work together to promote the Ensley area through advertising, marketing, image building, and special events. We would like to say Thank You to our many loyal and future customers and welcome everyone to read about what we have to offer in retail and professional services. We hope this guide will provide you with the necessary information to ensure that you come see us in Ensley.

LETTER FROM COUNCILOR STEVEN W. HOYT

As the City Council Representative for District 8 and Chairman of the Economic Development Committee, I would like to congratulate the Ensley Merchant Association on the publication of this Business Directory as an initiative to support the revitalization of the commercial district.

I encourage the residents of District 8 and throughout Jefferson County to visit and patronize the many establishments located in Ensley. With over 65 million dollars of public and private investment, new business development, business retention and job creation, Ensley is experiencing a renaissance with unlimited economic potential. The commitment of the business owners towards Economic Development and improving the quality of life is certainly to be commended.

It is my endeavor to ensure that sustainable growth is brought to the neighborhoods and that our communities thrive as we continue to model best practices, in economic development, neighborhood revitalization, inter-governmental partnerships, civic pride and citizen participation. Remember...a rising tide lifts all boats and District 8 is definitely on the move!

Sincerely,

A handwritten signature in cursive script that reads "Steven W. Hoyt".

Councilor Steven W. Hoyt

LETTER FROM COUNCILOR RODERICK V. ROYAL

My Fellow Citizens:

I am delighted to offer congratulations to you on your first publication of a business directory for the Ensley Business District. Our City's economic base is largely contributed to by small and medium size businesses, such as the ones featured in your listing, and the City does well to promote your efforts through this medium. We look forward to, and stand at the ready, in backing you with City resources toward the end of remaking the Ensley Business District a preferred place to shop, dine and launch new initiatives.

Congratulations again, and much success on this endeavor.

Sincerely,

A handwritten signature in black ink, appearing to read "Roderick V. Royal".

Roderick V. Royal, MPA
Birmingham City Councilor, District 9

LETTER FROM DAVID FLEMING EXECUTIVE DIRECTOR, MAIN STREET BIRMINGHAM, INC.

I am excited for Ensley! As director of Main Street Birmingham, Inc., a nonprofit organization targeting Ensley and eight other older neighborhood commercial districts in Birmingham for revitalization, I love what I am seeing in downtown Ensley.

We have been working there since 2004 to help local businesses work together to promote and improve Ensley for business owners and customers. These merchants want you to know that Ensley is an active and important business district. At least ten new businesses have opened here since 2005, adding to more than 100 businesses that exist in the commercial district.

I hope this directory will help you know where in Ensley you can find local businesses that will serve you with personal service and attention. If you add up the years Ensley businesses have been serving customers you will find more than 400 years of experience!

A handwritten signature in black ink, appearing to read "David B. Fleming".
